

HOW TO SUCCEED AT UNSTUCK LABS

We encourage:
setting big goals,
taking risks,
listening to feedback,
practicing radical
candor, prioritizing
self-care and
self-development,
collaborating,
speaking your
truth, listening,
seeking consent,
'calling in' and
not out, bringing
your full self to
work, lifting each
other up, asking
for help, and
changing your
mind & saying
you were wrong.

We discourage:
complacency,
poor work
ethic, shaming
or judging
others, harassing
people or
making harassing
comments,
any -splaining,
defensiveness,
making
assumptions,
putting yourself
down, keeping
silent if you
are uncomfortable,
gossiping,
over-apologizing,
and overworking
yourself.
